Dear Mr Toole

Thank you for your representations of 31 May 2012 on behalf of Mr Roger Bailey, General Manager of Lithgow City Council, concerning the privatisation of NSW generators.

As you may already be aware, TRUenergy acquired the generation trading rights of Wallerawang and Mt Piper power stations near Lithgow in December 2010. As such, TRUenergy has the right to trade the output of the two power stations in the highly competitive National Electricity Market (NEM) and will continue to do so until the assets have reached the end of their economic life.

Please provide reassurance to your constituents that transferring the ownership of the power stations to the private sector will not alter the economic viability of the assets. In addition any future sale will only occur if sale proceeds are above the State's retention value.

Please thank Mr Bailey for taking the time to raise these concerns on behalf of the Lithgow City Council.

Yours sincerely

  
MIKE BAIRD MP

Dear Mr Bailey,

Following my representation on your behalf to the Treasurer The Hon. M Baird MP please see attached correspondence received in response.

It was a pleasure to assist you in this matter.

Yours faithfully

Paul Toole MP
