Mr Roger Bailey,
General Manager,
Lithgow City Council.
Lithgow.

Dear Mr Bailey,

During this time of re-organization of our Society, and the Railway, it is vitally important that our energies and efforts are concentrated in the most efficient manner and direction.

At this time it is also recognized that individual emotions can become dominant, and these can result in incorrect or misleading information being give out to others, and in some instances this can appear to be an official attitude or statement.

The Board of Zig Zag Railway at it's last meeting resolved to impress on organizations who follow our progress that the only official and proper announcements are those that come from Directors of the Board or the General Manager acting with the Boards approval. Any other person purporting to be acting on behalf, or having knowledge of policy directions of the Zig Zag Railway, is not acting officially and such advice should be be disregarded .

Thanking you for your help in this matter.

Yours Sincerely,

Noel Ackland.
Secretary Zig Zag Railway,
20th October 2012.
