Dear Mr Bailey,

Reading the Lithgow City Council minutes of the 4th June 2012 in the financial assistance part of the paper.

We are really grateful to receive the \$8000 towards the running of the 2013 Lithgow Show.

As you were aware council last year approved an additional amount of \$3,450 to offset payment of council's fees and charges for the holding of the 2012 Lithgow Show.

We would like to request this additional funding for the 2013 Lithgow Show.

The running of country shows is getting harder and harder due to the rise in charges for every thing that we have to cover before the show starts.

Our show is run by a band of hard working volunteers, we do our best to keep the show the going and to give the residents of Lithgow District a good family show.

We hope Council will consider our request.

Thanking you

Heather Younger
President
