Dear Matthew

Re: Traffic Committee requests

As per our previous discussions we would like to request the following

Temporary Taxi Stand – Courthouse Hotel
Friday and Saturday Duration – 6pm till 6am

We are not wanting to utilise the full bus stop that is currently there, but enough space for 2 taxis to park, pick up and offload passengers, and to be able to safely move back onto the roadway.

The reasoning for this is passenger safety, as at the moment it is quite difficult for the taxis to pick up from the Courthouse Hotel, and this puts the passengers at risk by having to walk onto the road to get into the taxi.

We believe if we have the facility to be able to park at least 2 taxi's this will help alleviate patrons walking along the Main Street from the Courthouse Hotel to the taxi rank that is situated in Eskbank street.

We are wanting to assist the local Council with Crime Prevention and if this was successful it may assist in what the Council is trying to promote.

Yours sincerely

Michael Walsh
Secretary

Dear Matthew

Re: Traffic Committee requests

As per our previous discussions we would like to request the following

Taxi exemption in No stopping Zones.

This is a 1 minute exemption that allows taxi's to drop off and pick up.

We believe this will assist in picking up passengers in the Main Street, and stop passengers having to cross onto the road to get into the taxi.

This will alleviate some congestion in the Main street, and also a safety issue for not only the drivers but the passengers.

Yours Sincerely

Michael Walsh
Secretary
