Subject: Item 2/futere LEP

Dear Maree,

You may recall I accompanied Peter Hall, [REDACTED] to your chambers several months ago to raise various issues arising from the Strategic Planner's LEP report.

Peter's issue appeared to be resolved by Ms Hanrahan's recommendations to tonight's council meeting, but he discovered that two lots on his farm had still been omitted from the planner's recommendations. I understand that Andrew Muir has moved to remedy that issue in time for tonight's meeting.

Unhappily, one of Peter's neighbours, Laurie Agnew (also mentioned in Ms Hanrahan's report/attachments), rang late this afternoon to say that Lots 23, 24 and 35 on his property, adjacent to Peter Hall's, had been omitted from the planner's report.

I'm still awaiting Tanya McGrigor's call (she's been away today) to see whether any parts of her property, also adjacent to Peter's in the Upper Nile Valley, have been omitted and will advise in due course.

Is it possible for late amendments to be made to matters before tonight's meeting, or could the report's recommendations be deferred until any other possible omissions have been brought to light?

Best regards,

Warren Owens

Thanks Maree,

Tanya McGrigor has now sent me a list of her lot numbers and Lots 15, 17 and 31 are not listed in the Strategic Planner's report.

Hope this can be clarified, too.

Cheers...

Warren Owens
