QUESTIONS FROM THE PUBLIC GALLERY

At 7.00pm members of public gallery were invited to address questions through the Mayor to Councillors and Staff: -

QPG - SUE GRAVES

1. Mr Mayor does Council intend to remove graffiti from Council property?

Yes, Council removes graffiti from Council property as soon as possible.

2. Mr Mayor is Council intending to require property owners to clean up graffiti as quickly as possible?

Council has the power to remove graffiti from private land with or without the agreement of the owner/occupier. Council can only remove graffiti from private land without the agreement of the owner/occupier if the graffiti concerned is visible and can be removed from a public place. If this is the case and Council proceeds with the removal, Council must bear the cost of removing the graffiti. Council does not have any funds in its Recurrent Budget for the removal of graffiti from private lands without agreement from the owner/occupier and therefore seeks the cooperation of the owner/occupier to either undertake the works themselves or engage the services of Council.

3. Mr Mayor what steps is Council prepared to take to reduce graffiti around town?

Council currently documents and photographs all graffiti and registers such on a State wide database. If a suspect is apprehended, the database can be accessed to identify all graffiti attributed to the suspect.

4. Is Council aware that the women's toilets in eastern Main Street Lithgow in a disgraceful situation. Toilets have no seats, no door locks and wires instead of chains requiring to be pushed up rather than pulled, has no wheelchair access, and is open to rain during wet weather?

An inspection has been undertaken and any maintenance works which are able to be undertaken this financial year will be completed to rectify these issues. However, the issue of disabled access is not one which can be dealt with by a maintenance program. It should be noted that disabled facilities are provided in the Parents Room, Lithgow Library and Queen Elizabeth Park.

5. Mr Mayor does Council have plans in the immediate future to replace the toilets?

There is no plan to replace these facilities within the upcoming 3 years.

6. Mr Mayor is council aware that there has been no maintenance at Alexandra Park since the Railway undertook stabilisation several weeks ago and used the park as a base to do their work? When will Council be able to rehabilitate that area?

Council Officers have inspected the Park and the only damage caused by RailCorp is to the fence at the rear of the Park. The Project Officer has been contacted and has provided an undertaking that the fence will be restored.

QPG - JOHN KEARNS

1. Mr Mayor could you please arrange for urgent representations to be made to Integral Energy requesting that they take steps to ensure the street lighting in the Portland township is operating efficiently at all times, furthermore that they also look at the adequacy of street lighting in Portland. These requests are based on the failure of street lighting on many occasions, which compromises the safety of residents and a need for additional lighting in our streets.

Representations can be made to Integral Energy. If Mr Kearns has any particular examples of areas, these can be included in the correspondence.

SUMMARY

This report outlines the issues discussed at the recent PACT Meeting held on 27 April 2006.

COMMENTARY

At the recent PACT Meeting the General Manager and I attended and followed up on a number of issues that had been raised through Council, to which we now have some satisfactory answers.

The statistics that the Police provided us with indicated that person searches are up over 200% and the Police using the "Moving people along" under the new legislation is up nearly 250% which shows that the Police are being far more active over the last few months. It is also pleasing to see that "Break, Enter and Steal" crimes have dropped by 18% over the last year.

Of all the crime statistics the only type of crime on the rise has been assault and these figures are low in comparison with other areas. Unfortunately half of most assaults occur in relation to domestic violence issues.

As for staffing issues in the Lithgow area, there are three general duty Police Officers vacancies. These are expected to be filled over the next couple of months. There is one vacancy for a Detective and one for a Sergeant in the Highway Patrol. The other good news on staffing has been that Gerard Martin reported the State Government is in the process of having 750 new Police on duty state wide by January 2007.

The other issue that has come to the fore recently has been that of graffiti and at this stage it is pleasing to note that the Police are combining with the Council Officers to compare databases of graffiti and their "tags", so that Council or the Police can be in a better position to identify those responsible. It is also pointed out that there has been a change in the law, where it is now illegal for shop owners to sell spray cans to people under the age of 16. We believe that shops that sell these spray cans in our area are cooperating with this law. It is also understood that the Police will make more searches if they believe a person may be a suspect of doing some of the graffiti acts.

Finally, in what might be helpful not only to acts of graffiti but to any behaviour in Main Street, Council is also cooperating with Police in having their CCTV cameras hooked up to the Police Station, so that the Police would be able to monitor activities in Main Street even if they are in the office and therefore be able to respond better to that.

QUESTIONS WITHOUT NOTICE

QWN - COUNCILLOR H K FISHER

1. Mr Mayor would Council investigate broken pipe beside spillway Farmers Creek Dam.

This issue is being investigated.

2. Mr Mayor would Council take the neighbourhood dispute in Ernest Street Lithgow to the notice of the Police Committee that the Mayor is on. This dispute is way out of control with serious consequences bordering on dangerous results. Please this matter needs urgent attention.

A number of Council Officers have visited the premises on numerous occasions and investigated complaints relating to noise, dogs and unlawful occupation of Council land. Although some of these issues have and are being addressed, it has not been possible to come to a satisfactory result in relation to the alleged offensive noise issues as appropriate evidence has not been able to be obtained. Furthermore, Council has offered mediation, but only 1 neighbour has indicated a willingness to participate.

3. Mr Mayor can Council arrange an urgent delegation with the Department of Housing in relation to a neighbourhood dispute in Christina Street due to a chook fowl pen being erected in the front of the house?

Councillor Martin Ticehurst and Councillor Wayne McAndrew moved a motion that the matter be referred to the Local Member, Mr Gerard Martin and PACT.

QWN - COUNCILLOR W McANDREW

1. Mr Mayor are you aware of a press release that was distributed this morning requesting a public inquiry into Councils Financial issues? I believe that this press release is from Councillor M F Ticehurst.

2. Mr Mayor can you explain what this is all about and as to why he is allowed to go ahead and request this inquiry?

Councillor M F Ticehurst declared a non pecuniary interest in the questions raised by Councillor McAndrew and vacated the Chambers.

3. Mr Mayor are you aware that it was printed in the Lithgow Mercury (after the last Policy and Strategy Meeting on 1 May) that the decision on Item 2 Gardens of Stone Proposal Stage 2 was unanimous as to rejecting the proposal? As I remember this was not true.

QWN - COUNCILLOR B P MORRISSEY

1. Mr Mayor can an update on the Megalong Valley proposal be provided and also has the Blue Mountains City Council been contacted seeking their support on this issue?
