SUMMARY

This report recommends the adoption of the Draft Management Plan 2008/09 – 2010/11 with identified amendments and the determination as to whether the Council supports Option 1 - Special Variation to the Ordinary Rate for the Indoor Aquatic Centre.

COMMENTARY

The Council at its Policy and Strategy Committee Meeting of 7 April 2008 resolved “*that the Draft Management Plan 2008/09 – 2010/11 be placed on public exhibition for a period of 37 days from 10 April to 16 May 2008*”.

Council at its Ordinary Meeting of Council of 21 April 2008 resolved “*that the exhibition period for the Draft Management Plan be extended until 4.30pm on 21 May 2008*”.

The Council advertised calling for public submissions and presented the Draft Management Plan at nine public meetings spread across the Local Government Area. A report, providing a summary of the public submissions, has been prepared for the consideration of the Council. This is at Attachment 1. In addition, full copies of all the submissions without identifying factors are provided to Councillors under separate cover.

The Draft Management Plan contains two options:

Option 1 – Special Variation to the Ordinary Rate for the Indoor Aquatic Centre

This special variation to the ordinary rate involves a \$10 increase to the 2007/08 base rate, an estimated increase in the rate peg ad valorem rate of 3.5% and a 6.45% increase in the ad valorem rate for the indoor aquatic centre special variation.

It should be noted that the special variation to the ordinary rate for the provision of fire services in the Local Government Area which was approved and adopted in 2006/07 will continue. Also, the special rate for parking at 1.06% will continue in the designated area of Lithgow.

Option 2 – Ordinary Rate Without Special Variation.

This ordinary rate involves a \$10 increase to the 2007/08 base rate and an estimated increase in the rate peg ad valorem rate of 3.5%

It should be noted that the special variation to the ordinary rate for the provision of fire services in the Local Government Area which was approved and adopted in 2006/07 will continue. Also, the special rate for parking at 1.06% will continue in the designated area of Lithgow.

Public Submissions

The Council received over 1,400 individual public submissions.

Option 1

By far the greatest response from Public Submissions concerned Option 1. – The Special Variation to the Ordinary Rate for the Indoor Aquatic Centre and Infrastructure Improvements.

Most responses indicated either in favour of the introduction of a special rate or against it. Very few provided a conditional response.

The following table identifies the number of people supporting or not supporting Option 1 and whether they live in the Lithgow urban area or in the villages or rural areas.

	Lithgow/ Marrangaroo	Villages/ rural	Not stated	Total
Supports Special Variation	335	167	42	544
Against Special Variation	200	620	41	861
TOTAL	555	787	45	1405

Some comments from those not supporting the Special Variation are:

- Fix basics first
- Roads need fixing
- Pensioners would find it difficult to pay more
- Property owners who own more than one property penalised
- Would like more detail
- Population not large enough
- Rural ratepayers little opportunities to use pool
- Rural ratepayers being unfairly targeted and expected to pay unreasonable amount.
- Cost not justified by need.
- Evidence suggests facilities of this kind have been economically unviable and operational and maintenance costs have to be subsidized by Councils.
- Need a more equitable method of financing.

Some comments from those supporting the Special Variation are:

- It is my opinion that this would be a fantastic asset to the Lithgow Region.
- Lithgow one of the only towns in the Central Tablelands that is without such a facility.
- Travels out of town once a week for swimming lessons.
- Could you please build a new Indoor Aquatic Centre in Lithgow NSW we can train all year and get really fast for our swim races (10 year old)
- As a parent and an educator ... I would like to express my support, and interest in the development of an indoor aquatic centre.
- Granddaughter competitive swimmer who trains 12 months a year. In summer buys all shopping in Lithgow, in winter travel to Bathurst and shops there.
- Benefits would be great for the town... residents not travelling out of Lithgow for therapy.
- I'm only nine but am sure all my friends would agree. I believe it would attract tourists.
- Aid to the improvement of community health.
- Hydro therapy only provides restricted access.

Some comments from those who may support the Special Variation with conditions are:

- Concept designs, feasibility assessment to determine financial viability
- Could Council consider a one off payment of \$100
- A per capita civic resident weighting should be considered.
- If funded by other sources (Government) would be a wonderful asset to the community.
- Would support if legitimate survey indicated majority support

Option 2

A number of submissions relating primarily to Option 1 contained information that also applied to Option 2. In particular a number of comments relating to the poor quality of roads in rural areas were raised.

The public submissions relating to Option 2 included comments on: the skatepark, mountain bike track, rating levels for coalmines, Septic Safe, Hermitage Colliery site, a number of rural roads, environmental issues, needs of indoor hockey, ground fees, Civic Ballroom hire fees, Union Theatre hire fees, Lowther Cemetery fees, and radio and TV receptions in Capertee Valley.

A full summary of comments relating to Option 2 can be found on pages 28-31 of Attachment 1.

Staff Recommendation

Based upon the results of the Public Submission and further advice received from the Police and Community Youth Clubs, it is recommended that the Council does not proceed with Option 1 - Special Variation to the Ordinary Rate for the Indoor Aquatic Centre. (see confidential letter attached).

Submissions for Funding

A number of submissions for funding were received for consideration in the 2008/09 Management Plan. A full summary of these submissions is contained in Attachment 2.

A list of these submissions for funding and Staff recommendations follow:

Submission	Requested	Officer recommendation

End of Year Result Predicted For 30 June 2008 and Estimated Surplus

A preliminary review of end of financial year results (June 2008) estimates a surplus of \$100,000.

2007/08 Quarterly Budget Comparisons			
Budget (Inc Internal)	Income \$'000	Expenditure \$'000	Total \$'000
Original	\$66,500	\$66,499	\$1
September Quarter	\$62,769	\$63,273	(\$504)
December Quarter	\$63,128	\$63,472	(\$344)
March Quarter	\$61,218	\$61,181	\$37
May(for June Quarter)		Estimated	\$100

In addition, there is a current estimated surplus of \$180,000 in the Draft Management Plan for the 2008/09 financial year. This provides an overall estimated surplus of \$280,000.

It is recommended that the following allocations be made:

- \$100,000 Road Resheeting program (Roads to be advised)
- \$50,000 Road Resealing program (Roads to be advised)
- \$39,525 To unrestricted Cash as at 30.06.08
- \$90,475 Committed to Projects

It is recommended that the following amounts be Committed to Projects

- \$5,000 Christmas decorations
- \$500 Lifeline
- \$375 Korean school
- \$500 Gardens
- \$10,000 Wallerawang entrance statement
- \$4,100 Glen Davis
- \$5,000 Certified softfall replacement
- \$30,000 intersection of Ibis and Sanford Ave
- \$30,000 Portland laneways
- \$5,000 Jobs Summit in July
- \$90,475 TOTAL

Programs listed below have been highlighted to carry forward from 2007/08 to 2008/09 as revotes or works in progress:

- Grant works in progress \$110,400
- Council works General \$600,400
- Council works Water \$710,000
- Council works Sewerage \$403,000
- Council works Waste \$170,000

Other Projects

South Bowenfels Reservoir

The 2007/08 water loan required for South Bowenfels Reservoir of \$650,000 is requested to carry forward to 2008/09 and be included in the loan borrowing program for that year

Lithgow No 1 and No 2 Dams - Investigation and Remedial Works

Recently the Department of Water and Energy have conducted routine investigations of Lithgow No 1 and No 2 Dams. These investigations recommend a number of further investigations and works that should be undertaken to both dams including storage level recording, specialised crack survey of dam face, repair abutments and pipe installation to No 1 Dam. This also has a relationship to geotechnical investigations currently underway and a question asked by Councillor Fisher as to the feasibility of re-commissioning the No 1 Dam. To undertake the works and further investigations it is recommended that an additional item be included in the 2008/2009 budget of \$200,000 for dam investigation works. This will allow the recommended works to proceed and also allow investigation into the feasibility of re-commissioning No 1 Dam. This will be funded from water fund reserves and thus have no bottom line impact on the budget.

Effluent Reuse Lithgow Golf Club

Council had provided a Wastewater Fund allocation \$600,000 in the Draft 2008/09 Management Plan to construct infrastructure to provide 100% effluent reuse at the Lithgow Golf Club. This was fully funded by grant works from the Federal Government therefore did not impact on Council's estimated surplus for 2008/09. We have now been advised that the grant has been approved for \$350,000 which will alter the Draft 2008/09 Management Plan and wastewater expenditure and income will be reduced accordingly. Council will be informed of an amended plan of works in due course.

Clarence Transfer Station

Council had provided a Water Fund allocation of \$4,000,000 in the Draft 2008/09 Management Plan to construct infrastructure for the Clarence Transfer Station. This was fully funded by grant works from the Federal Government therefore did not impact on Council estimated surplus for 2008/09. We have now been advised that the grant has been approved as \$500,000 for 2008/09 and \$3,500,000 for the 2009/10 financial year. Income and expenditure in the 2008/09 & 2009/10 Management Plans will be altered to reflect these changes.

POLICY IMPLICATIONS

There are no policy implications as a result of this report.

FINANCIAL IMPLICATIONS

The Draft Management Plan 2008/09 – 2010/11 includes the Council's Revenue Policy for the next three financial years.

LEGAL IMPLICATIONS

Council is required to prepare a Management Plan by 30 June each year.

RECOMMENDATION

1. **THAT** the Council amend the Draft Management Plan to include the following amendments to fees and charges:
