QUESTIONS FROM THE PUBLIC FORUM
At 7.02pm Members of public gallery were invited to participate in the Public Forum Session.

PF - 22/08/11 - MR BRUCE UPTON
Mr Upton made a statement in relation to the draft Code of Meeting Practice. Mr Upton objected to the proposed need for the public to register before the council meeting. Mr Upton stated that the agenda is published too late and does not give ratepayers enough time to register their questions.

PF - 22/08/11 - MRS DONNA UPTON
Mrs Upton made a statement in relation to the proposed new signage for the Lithgow local government area and asked for signage to be considered at the following areas:

- The northern boundary of the local government area
- Mount Marsden
- The boundary with Mid Western Regional Council

PF - 22/08/11 - MR GEOFF LANGLANDS
1. Mr Langlands made a statement in relation to the draft Code of Meeting Practice and advised Council that there is nothing wrong with current procedure and he believes that if Council changes the process it will make it harder for the public.

2. Mr Langlands asked the Council as to why the development application details for the proposed new Aquatic Centre were not advertised for the redevelopments?

*The Acting Group Manager Environment and Development advised that 28 people within the vicinity of the development application were notified on all matters in relation to the development application.*

PF - 22/08/11 - MRS SUE GRAVES
Mrs Graves made a statement in relation to the cycle way at Farmers Creek and advised Council that if certain shrubs and vegetation were planted alongside the creek, where a fence is proposed, this will save the Council having to erect the fence.
PF - 22/08/11 - MR JOHN KEARNS
Mr Kearns made a statement in relation to the Charlie Pinch Museum and asked if Council can confirm that they have done everything possible to relocate this site to another area in Portland? It was Charlie Pinch’s wishes to have this retained in the Portland Township and we would like to see this happen? Have the family been notified of any decisions?

The Mayor advised that yes Council had spoken with Boral and there was an assessment done, which resulted in millions of dollars which Council does not have. Council has also engaged the Powerhouse Museum to catalogue the articles which Charlie Pinch had in his collection. Council has met with people in relation to the Estate and Council advised them they would do everything that they possibly could within reason.

PF - 22/08/11 - MR GEOFF LANGLANDS
Mr Langlands made a statement in relation to the Aquatic Centre and he advised that he understands that this will be a long project but would like to know if there will be more money fundraised or will it be the ratepayers who will have to pay extra to fund the project? This process needs to be stopped and looked into again further, with the submissions and then taken on. Mr Langlands had concerns with regards to the first stage being completed but then the next stages taking a seriously long time with no indoor pool for many years.

The Mayor advised that Council will not be paying any extra as the money had already been allocated in the budget.

PF - 22/08/11 - MR BOB MORRIS
Mr Morris made a statement in relation to the Bicentenary Celebrations and the proposed list of people who will be forming a committee and asked Council why wasn’t the Blue Mountains Trust approached in relation to having a member on this committee?

The Mayor advised that this is not a definitive listing as yet and would be happy to seek to have a member placed on this committee.

DECLARATION OF INTEREST
His Worship the Mayor called for Declarations of Interest on any matter before the Meeting.
